

## **Our Lady's Primary School Sports Funding 2014-2015**

The government is providing additional funding of £150 million per annum for the academic years 2014 to 2015 and 2015-2016 to improve provision of PE & Sport in primary schools.

Schools must spend the money on improving their provision in this area but have the freedom to choose how they do this.

As a school we will receive £9,312 a year for the next two years.

In the academic year 2014/15 we spent our funding on the following:

☑ Worked with Margaret Stevens (Oxford School Sports Development Officer) to develop P.E. within Our Lady's School.

☑ Obtained Primary Membership to YST (Youth Sport Trust).

☑ Continued to provide quality-assured professional training for staff to raise their confidence and competence in teaching PE and sport. (**Real PE training for staff and full training for Mr Pearce**)

☑ Provided extra, additional activities such as outdoor and adventurous activities to pupils, KS2 went to Aldbury activity centre

☑ Employed specialist PE teachers to work alongside teachers in lessons to increase their subject knowledge and confidence in PE.

☑ Employed qualified coaches to work alongside teachers in lessons to increase their subject knowledge and confidence in PE. (London Welsh Rugby coaches, tennis coach, cricket coach, dance teacher)

☑ Bought into community sports coaching initiatives.

☑ Developed young sports leaders in Key Stage 2. (During lunch time 18 young leaders took turns to be in charge of small groups)

☑ Planned and ran an intra-house sports competition for all children in the school. (Term 6 Three Station Challenge which was also led by our young leaders)

☑ Engaged the least active pupils in after school/lunchtime sport clubs. (Priority places for young leaders groups and after school sports clubs)

☑ Provided places for pupils in after-school sport clubs.

☑ Identified pupils gifted and talented in sport and facilitating membership to sports clubs within the community. (Gifted and talented registers for each class to high light our stars)

Impact:

- By working with specialist agencies staff confidence and skills enhance the children's opportunities in PE.
- By developing PE leaders we enable children to enjoy PE together and learn from one another.
- By enabling our children to take part in various competitions they learn the skills of competition, team playing and enjoyment of sport.
- By focussing on particular groups of children to further their PE ability we engender an enjoyment of PE and develop their confidence in PE.
- By taking our children to outdoor activity centres we further their PE skills.
